Thank you all very much for the thoughtful and generous presents you have so kindly given to me this afternoon and for coming here today to make the presentations in person.

Lindy and I will truly cherish these gifts, both as a reminder of this special day as well as the fond memories and associations we have with each of your organisations. We very much appreciate your friendship and kindness today and in the support you have shown us in being elected and since taking Office in September.

Please convey to the liverymen, freemen, members, governors, staff and pupils in your respective organisations, our warmest thanks and sincere appreciation of these expressions of goodwill. They will be a constant reminder of you. Thank you
